IMPORTANT INFORMATION REGARDING YOUR BUSINESS LICENSE

Dear Business Owner,

In October 2019 California Senate Bill 205 was signed into law. This requires any agency which issues business licenses, like the City of Hollister, to ensure certain industrial businesses whose activities may have exposure to stormwater receive coverage under the **California Industrial General Permit (“IGP”)** Order 2014-0057-DWQ before any license is issued or renewed.

To ensure those businesses with industrial activities that need coverage receive it, a new required section has been added to the Business License Application. The field is as follows:

- Your **Standard Industrial Classification (SIC) Code**, which can be looked up at:
<https://www.osha.gov/pls/imis/sicsearch.html>

Failure to provide this SIC code will result in a rejected business license application.

Another field is also included on this form which is a **Waste Dischargers Identification (WDID)**. Those businesses that fall under these categories will need IGP coverage:

- SIC 2000 – 3999 & 4221 – 4225
- SIC 4000 – 4599, 5171, 5015, & 5013

Only businesses that fall under these classifications need to include a WDID.

If your business is required to be covered and you do not have an existing WDID our Environmental Programs Division will be in contact with you to assist you in getting coverage.

If you have any questions, comments, or concerns, please contact us by phone or email at:

- Trena Burbank, Utility Technician (831) 636-4377 x1422 or Trena.Burbank@hollister.ca.gov
