Dear Ms. Pilas-Treadway;

Analytical Environmental Services is conducting a Cultural Resources survey without ground disturbance as part of an Environmental Impact Report in the area indicated below. We request a Sacred Lands File Check, and a list of appropriate Native American Contacts for consultation regarding the project site.

**Project Title:**  
City of Hollister DWSI Project-203561

**Description of Project:**  
The site is located in the area of Hollister, San Benito County, California, approximately 20 miles east of Monterey Bay. The site is indicated on the enclosed 7.5 minute Hollister Quad maps.

Thank you for your assistance in this matter.

Sincerely,

Gary S. Arnold  
Staff Archaeologist

Encl.

RE: Proposed City of Hollister DWSI Project-203561, San Benito County

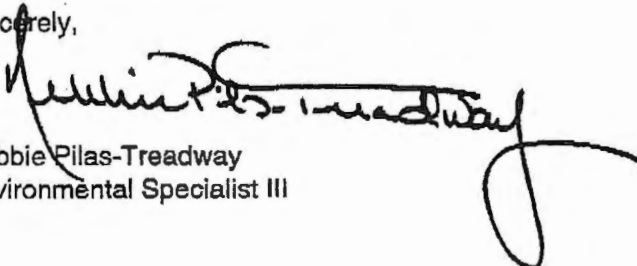

Dear Mr. Arnold:

A record search of the sacred land file has failed to indicate the presence of Native American cultural resources in the immediate project area. The absence of specific site information in the sacred lands file does not indicate the absence of cultural resources in any project area. Other sources of cultural resources should also be contacted for information regarding known and recorded sites.

Enclosed is a list of Native Americans individuals/organizations who may have knowledge of cultural resources in the project area. The Commission makes no recommendation or preference of a single individual, or group over another. This list should provide a starting place in locating areas of potential adverse impact within the proposed project area. I suggest you contact all of those indicated, if they cannot supply information, they might recommend others with specific knowledge. By contacting all those listed, your organization will be better able to respond to claims of failure to consult with the appropriate tribe or group. If a response has not been received within two weeks of notification, the Commission requests that you follow-up with a telephone call to ensure that the project information has been received.

If you receive notification of change of addresses and phone numbers from any these individuals or groups, please notify me. With your assistance we are able to assure that our lists contain current information. If you have any questions or need additional information, please contact me at (916) 653-4038.

Sincerely,

  
Debbie Pilas-Treadway  
Environmental Specialist III

**RE: Proposed City of Hollister DWSI Project-203561, San Benito County**

Dear Ms. Martinez;

Analytical Environmental Services (AES) is conducting a cultural resources assessment in support of Section 106 of the National Historic Preservation Act for the above referenced project. A Sacred Lands File Check by the Native American Heritage Commission has failed to find any record of sacred lands for the area shown, although we were provided with your name and address as a means for further investigating the matter. In bringing this project to your attention we would like to request any information you may have regarding the prehistoric, ethnographic, and traditional cultural uses of the project area.

The overall project area is located in the City of Hollister, San Benito County, California as depicted on the enclosed Hollister USGS 7.5' Quad. Ground disturbing activities will take place in areas along Wright Road (new disturbance), the Highway 156 By-pass, and San Juan Hollister Road (the existing Domestic Wastewater Plant).

If you have any questions or concerns, or need more information, please feel free to contact me directly. I can be reached at 916-447-3479 x 25 or by email at [kheidecker@analyticalcorp.com](mailto:kheidecker@analyticalcorp.com). I look forward to receiving your information and appreciate your attention to this matter.

Sincerely,

Kelly R. Heidecker

Valentin Lopez	7/23/04	Letter	Kelly Heidecker	Initial consultation letter sent.
Valentin Lopez	8/9/2004	Phone	Kelly Heidecker	Left message for call back.
Valentin Lopez	8-17-04	Phone	Kelly Heidecker	Mr. Lopez called to say that Hollister is prime Tribal territory. He is aware of recent reburials from a Caltrans project that may be close to the project area. He will recheck the map and call back if he can give me more specific information. Based on his description over the phone, he seemed to be describing an area immediately southwest of Hollister.
